*Click the garden  
gate to access  
current garden news  
and information.*

The Sam & Dot Swendsen Community Garden is a place for Bethlehem residents to grow organic fruits and vegetables and share the harvest. There are many ways to participate in the garden: as a volunteer worker, as an individual gardener, as a sharer of the garden's bounty, as a donor, and more. Come grow with us!

***Come Grow  
with Us!***
